1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as  $t \rightarrow \infty$ . It is shown that the solutions of the system (1) tend to zero as  $t \rightarrow \infty$  if and only if the matrix  $A$  is stable. This result is obtained by the method of the variation of constants.

Handwritten text in a cursive script, likely a letter or document, written on aged, yellowed paper. The text is densely packed and spans the width of the page. There are two distinct dark circular marks, possibly holes or ink smudges, located near the center of the page. The script is highly stylized and difficult to decipher without a key.

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written in a dark ink on aged, slightly discolored paper. The script is dense and fills most of the page, with some lines appearing more prominent than others. The overall appearance is that of a historical record or a personal letter.

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written on aged, yellowed paper and is organized into several lines. The script is dense and flowing, characteristic of historical cursive. The document appears to be a record or a letter, with various words and phrases written in a consistent hand. The paper shows signs of wear, including small holes and discoloration.

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written on aged, yellowed paper and is organized into several lines. The script is dense and flowing, characteristic of historical cursive. There are two distinct circular holes visible in the center of the page, suggesting it was once part of a bound volume. The text is written in a dark ink, and the overall appearance is that of a well-preserved but aged historical document.
